## BULK STORAGE

### BULK TANK

#### Components

Adhesive Labels

#### Advantages

- Available in various sizes and styles.

### BULK TANK

#### Components

Pocket Frame  
Magnet

#### Advantages

- Removable and easily update-able also allows for inclusion of extra information such as MSDS sheets.
- Water Resistant.

### DISPENSING TAPS

#### Components

Label Pocket  
Leash

#### Advantages

- Easily secures to taps and other fittings.
- Water Resistant.

### DRUM PUMP

#### Components

Adhesive Labels

#### Advantages

- Available in various sizes and styles

### GREASE PAIL

#### Components

Adhesive Labels

#### Advantages

- Available in various sizes and styles

## OIL SAFE CONTAINERS

#### Components

Color-Coded Drum Ring  
Drum Ring Label (optional)

#### Advantages

- Fits securely around OIL SAFE drum ensuring clear color-coded identification even with lid removed.
- Consider adding a leash and label pocket to accommodate extra information.

#### Components

Pocket Frame  
Label Pocket  
Color-Coded Drum Ring

#### Advantages

- Fits securely around OIL SAFE drum ensuring clear color-coded identification even with lid removed. Leash and label pocket accommodate extra information.
- Water Resistant.

#### Components

Adhesive Labels

#### Advantages

- Adhere to side of OIL SAFE drum. Available in various sizes and styles.

**OIL SAFE** labels accurately identify your lubricants from Bulk Storage to the Fill Point.

## OIL FILL POINTS

<b>Components</b>
Leash Label Pocket
<b>Advantages</b>
<ul style="list-style-type: none"> <li>Easily secures to taps and other fittings.</li> <li>Water Resistant.</li> </ul>

<b>Components</b>
0.5" Adhesive Label ID Tab Washer Lens
<b>Advantages</b>
<ul style="list-style-type: none"> <li>Heavy duty solution with discrete label and color - coding. Fits by means of washer with standard BSP sizes up to 1".</li> <li>Consider using swivels to improve access/visibility or a leash &amp; pocket for additional information.</li> </ul>

## GREASE GUNS

# WHY USE OIL SAFE® LABELING PRODUCTS?

Manage your fluid transfer from bulk storage to point of use. The OIL SAFE unique Visual Lubrication System of products combines to identify, protect, and reduce machinery down time.

**OIL SAFE is the only industrial grade labeling system in the world that enables accurate lubricant identification from bulk storage to the fill point. In the process providing:**

- **5S** – color-coded, identification and order.
- **LEAN** – the right lubricant in the right fill point.
- **Right to Know** – ensuring operators are aware of what they are handling.

**The fully integrated OIL SAFE system is comprised of two core components:**

- **Labels** – available in various sizes, styles and materials.
- **Label Holders** – many different types and combinations to address the challenges of securing labels in an industrial environment.

**Innovative, practical and durable, this fully integrated and color-coded labeling system also:**

- **Ensures** the **right lubricant** goes into the **right machine** every time.
- **Improves** OSHA compliance.
- **Accommodates** inclusion of MSDS information at all steps of the lubrication process.
- **Enables** consistent identification of bulk storage, intermediate containers and point of use.
- **Flexible and suitable** for multiple workplace applications.
- **Industrial grade, high quality** and suitable for outdoor use.
- **Improves** productivity and efficiency.
- **Increases** bottom line savings.

## How to Implement OIL SAFE Labeling System

### Customized & Standard Fluid Identification from Bulk Storage to the Point of Use

#### BULK STORAGE UNITS

The first step in the chain of custody. Ensuring that Lubrication Technicians can **clearly identify the lubricant they need**.

Solutions range from simple adhesive labels through to solutions that include complete MSDS information.

#### TRANSFER CONTAINERS & LIDS

Cross contamination of lubricants can be just as damaging as dirt and water. **Match** the transfer container label to the bulk label to eliminate the potential for cross contamination and ensure that employee's Right To Know entitlements are addressed.

#### POINT OF USE

Getting the **right lubricant** into the **right fill point** (contaminant free) is one of the simplest ways to reduce maintenance and operating costs.

**Matching** the container label to the fill point label is the final step.

**PART #**

290001 – OIL SAFE  
Evaluation Kit

**OIL SAFE LABELING EVALUATION KIT**

The OIL SAFE Labeling Evaluation Kit is designed to enable first hand, on site evaluation of our unique visual lubricant labeling system.

The Kit includes a comprehensive selection of the products, including:

- **Label samples** – various materials, sizes and designs.
- **Label Holder samples** – pre configured solutions for different labeling requirements and parts for further experimentation.
- **Guidance Sheets** – best practice suggestions for common labeling applications.

Experience the:

- **Versatility** – with multiple options for most situations.
- **Fit** – with different size components to suit your differing equipment needs.
- **Durability** – of our heavy duty industrial grade components.

**EXPERIENCE OIL SAFE TODAY with this cost effective Labeling Evaluation Kit!**

**OIL SAFE has developed a comprehensive suite of industrial grade labels to suit your lubricant labeling program. Labels are available in a variety of sizes, materials and styles to provide the flexibility needed for the challenges that exist in industrial environments.**

## Content Labels

### Content Labels

Content Labels are available in 10 colors and have a large clear space for the addition of extra information.

#### Examples shown here:

- 2" Adhesive Content Label - Purple - Part# 282207
- 2" Paper Content Label - Purple - Part# 280507
- 2" x 3.5" Adhesive Content Label - Red - Part# 282108
- 2" x 3.5" Paper Content Label - Red - Part# 280008
- 3.25" x 3.25" Adhesive Content Label - Mid Green - Part# 282305
- 3.25" x 3.25" Paper Content Label - Mid Green - Part# 280305

2"  
Content Label

2" x 3.5"

## OIL SAFE Custom ID Labels

### OIL SAFE Wizard and Custom ID Labels

An online tool that enables you to add your information into predefined identification label templates.

Labels are produced to your design in economical quantities and shipped to your door.

Very easy, cost effective and high quality identification labeling.

0.5" Label

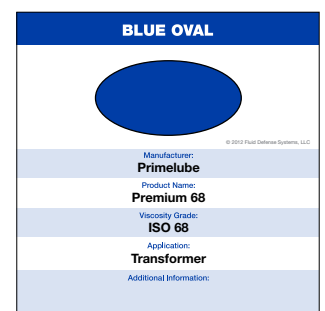

2" Label

2.2" x 3.4"  
Plastic Card Label

2" x 3.5" Label

3.25" x 3.25" Label

## Custom Labels

We have engineered custom labels and label systems for some of the world's largest companies. If the identification solutions above do not meet your specific requirements talk with one of our representatives to find out how OIL SAFE can help by designing and delivering your required labels to meet your unique needs.

### ADHESIVE LABELS

#### Description

OIL SAFE Adhesive labels are made of heavy duty Polyester and have a permanent adhesive. The label material can resist water and most lubricants. Apply to a clean flat surface for best long term adherence.

### WATER RESISTANT PAPER

#### Description

With a paper-like texture enabling easy writing, these heavy duty labels have built-in protection against the rigors of industrial work places. Use with OIL SAFE pockets and other label holding components for attachment to bulk storage, transfer containers and fill points.

### LAMINATED CARD

#### Description

Similar to credit cards in size and weight, these highly durable cards are made for the toughest work environments. Over laminated for additional protection of printed information these cards can be fixed with a OIL SAFE leash or with heavy duty double sided tape.

## LABEL SIZE MATRIX

A variety of sizes to suit easy attachment of labels in the workplace.

SHAPE AND DIMENSION	APPLICATION	QUANTITY	WATER & TEAR RESISTANT	POLYESTER ADHESIVE	LAMINATED CARD
 2" x 3.5"	Popular and practical sized label that provides for detailed information and fits most labeling applications.	Sheet of 10	●	●	
 2" Circle	Ideal for OIL SAFE Cartridge Protection Tubes or applications where a smaller space is available, yet detail is still useful.	Sheet of 12	●	●	
 3.25" x 3.25"	A larger label for areas where greater visibility is required.	Sheet of 6	●	●	
 0.5" Circle	Designed for OIL SAFE Grease Fitting Protectors, and ID Tabs. These labels provide room for specific identification information.	Sheet of 180		●	
 0.5" x 5.5"	Curved to fit OIL SAFE Color-Coded Drum Rings.	Sheet of 20		●	
 2.2" x 3.4"	Providing the same level of detail as the 2" x 3.5" labels, this size is unique to the laminated card labels.	Single Labels			●

STYLE	2" X 3.5"	2" CIRCLE	3.25" X 3.25"	DRUM RING	0.5" CIRCLE	2.2" X 3.4"

Wizard	Adhesive & Water Resistant	Adhesive & Water Resistant	Adhesive & Water Resistant	Adhesive	Adhesive	Laminated Card
Custom	Available in all of these and many other sizes and materials.					

# CONTENT & PREPRINTED LABELS

**OIL SAFE Labels support reliability improvement and safety compliance.**

## CONTENT LABELS

Available in 10 colors a variety of sizes, materials and styles to provide the flexibility needed for the challenges that exist in industrial environments. OIL SAFE Content Labels enable identification of container and bulk storage contents through color coding and the addition of extra information as required. Each label is designed with clear color reinforcement and a large white space to allow for writing (in pen) of required information.

**2" Content Label**

**0.5" x 5.5" Drum Ring**

**Available in 10 Colors:**

**10 Shapes available in 10 Colors:**

Custom shapes or symbols are available upon request.

## OIL SAFE WIZARD

With the patent pending OIL SAFE Wizard system, you can create simple or detailed fluid identification labels tailored specifically to your unique fluid requirements.

The OIL SAFE system of labels manage and accurately identifying fluids from bulk storage to intermediate container to the point of use. Use OIL SAFE labels to support reliability improvement and safety compliance.

Consider using a color and / or shape combination to uniquely identify your lubricant or fluid.

## CUSTOM LABELS

In addition to the innovative Wizard, OIL SAFE can custom create nearly any label for your lubricant identification requirements. Tell us more about your requirement so we can work with you to deliver a cost effective industrial solution.

# LABEL HOLDERS

**Label Holders are core components of the OIL SAFE System and are used for protecting, presenting and enabling attachment of labels.**

## LABEL POCKET

**Protects and secures labels**

Pockets are available in 2 sizes, each pocket is double sided and accommodates content labels, card stock and other OIL SAFE labels. Provides ample space for comprehensive identification information on transfer containers, bulk storage or fill points.

Made to withstand tough outdoor conditions, these pockets are a powerful tool in ensuring your employee's right to know is satisfied.

### PART #

200101 –  
2" x 3.5"

200102 –  
4" x 3.25"

The larger size pocket is particularly effective for storing MSDS sheets as well as larger size labels

The 2" x 3.5" size pocket can be used in conjunction with Label Leashes and is a highly effective, economical way to label fill points

Utilize Label Pockets with OIL SAFE Magnets as a reliable way to label bulk storage

## LABEL POCKET FRAME

**Industrial grade color-coded Label Frames protect and identify**

Color-coded Label and Label Pocket insert directly into the color-coded Frame, creating a highly visual, simple and reliable system for ensuring the right lubricant goes into the right machine every time.

Connect Label Pocket Frames to equipment via OilSafe Magnets, Clamps, Swivel Joints or Leashes, or on to OilSafe Drums via an OilSafe Drum Ring.

- Fits 2" x 3.5" Label and Label Pocket.
- Industrial grade - protects Label and Label Pocket, suitable for outdoor.
- Highly visual for color-coding - available in 10 colors.
- Attach an OilSafe Magnet to the rear of the Label Pocket Frame for quick and replaceable labeling to metal surfaces such as; oil barrels, drums, totes, plant and equipment.

- 207009 – Yellow

**COLOR-CODED DRUM RING**

OIL SAFE Color-Coded Drum Rings fit securely and easily to all OIL SAFE Containers and provide clear and effective color-coding.

Adhesive labels are also available to enable more detailed identification. Options include “Contents” label with space for written information, or a custom label using the OIL SAFE Wizard.

- Available in 10 colors.
- Industrial grade with UV stabilizers and anti-static additives.
- Recessed panel for Drum Ring label placement.
- A hook for additional labeling options with leashes and pockets.
- Enables the quick and easy removal of the entire labeling assembly from the drum when the drum requires cleaning - unlike adhesive sandwich bag labeling concepts that leave messy residues and require constant replacement at the time of drum servicing or re-labeling.

Recessed panel for label placement

Hook for hanging additional info

**PART # 201001**

**LOCKABLE DRUM RING**

Designed for OIL SAFE containers, the industrial-grade Drum Ring provides a secure way of attaching Label Pockets & Frame.

Use with multiple Label Pockets and color-coded Frame to identify container and lubricant, along with other information including MSDS and Right to Know.

- Designed specifically for OIL SAFE containers, attaches frame & multiple label pockets.
- Ring held into place by secure locking lug and OIL SAFE Lid.
- Enables the quick and easy removal of the entire labeling assembly from the drum when the drum requires cleaning - unlike adhesive sandwich bag labeling concepts that leave messy residues and require constant replacement at the time of drum servicing or re-labeling.

# LABEL HOLDERS

**Label Holders are core components of the OIL SAFE system and are used for protecting, presenting and enabling attachment of labels.**

## ID TABS

**Ideal for Fill Points**

OIL SAFE ID Tabs provide durable labeling and fill point identification options when mated with a color-coded OIL SAFE Fill Point ID Washer.

Available in 10 colors, identification can be achieved through simple color-coding or enhanced by the addition of a label into the label recess, or hanging by leash. Supplied in bags of 6.

### PART #

- 205508 – Red
- 205509 – Yellow

**Swivel the position of your ID tab without removing it**

**Easily hang additional information from ID Tab**

**Clear Protective Lens (bags of 100) Manufacturer Part # - 290999**

## FILL POINT ID WASHERS

OIL SAFE Fill Point ID Washers enable durable and comprehensive color-coded identification of machine oil and grease fitting fill points.

Washers can be used alone for simple color-coding, or combined with OIL SAFE components for more information at the point of use. Supplied in bags of 6.

- Temperature resistant, Chemical resistant.
- Enables attachment of ID Tab which makes oil fill points easier to find on equipment.
- Swivel Joint Accessory enables rotation into desired position for improved access and visibility.

- Enables attachment of Label Clamps to provide for comprehensive identification information.
- Available in 10 colors, enabling color-coding of fill points.
- 6 BSP sizes - 1/8", 1/4", 3/8", 1/2", 3/4", and 1".

## GREASE FITTING PROTECTORS

OIL SAFE Grease Fitting Protectors save you the cost of equipment failures related to contamination or misapplication.

Grease Fitting Protectors deliver a secure seal over most common grease fittings providing excellent protection against contamination. Furthermore, with 10 colors and space for labels the Grease Fitting Protectors clearly identify what grease is required for the fitting.

These innovative, patented products provide a number of benefits over traditional Zerk protectors, including:

- Use as part of the fully integrated, color coded visual fluid management system.
- Available in 10 colors. Custom and pre-printed labels available
- Recessed head for label placement.
- Innovative design ensures easy removal from zerk fitting – even when wearing work gloves.
- Durable industrial grade materials.
- Available in various sizes and in pre-configured kit formats.
- Makes grease fittings easy to find. Supplied in bags of 100.

### CLEAR PROTECTIVE LENS - PART # - 290999 Bags of 100

These lens fit securely into the top of Grease Fitting Protectors and ID Tabs providing a protective barrier above labels.

## GREASE FITTING PROTECTOR KITS

Enables you to dedicate a specific color to a specific grease.

OIL SAFE Grease Fitting Protector Kits come in 3 color kits consisting of Blue, Purple and Red as well as 6 color kits consisting of; Black, Blue, Mid Green, Purple, Red and Yellow. This enables you to dedicate a specific color to a specific grease. Grease Fitting Protectors also come in various sizes to suit most common grease fittings. See charts below for part numbers and sizes.

## LABEL HOLDER ACCESSORIES

Purpose-built industrial label holder accessories, ideal for everything from lubricant bulk storage through to fill point labeling.

### LABEL LEASH

A better, more secure fit when attaching Label Pockets to containers, machinery, piping and other fittings.

- Use individually or combine to create a longer leash.
- Can be easily removed and reused.
- Industrial grade.

**PART #**  
202001

### SWIVEL ID TAB

Enables the position of the ID Tab to be adjusted for improved visibility or access to the fill point.

The OIL SAFE Swivel Joint ID Tab mates with any size OIL SAFE Fill Point ID Washer and an ID Tab to provide durable color-coded identification and labeling at fill points.

**PART #**  
205001

### POCKET FRAME LEASH

Designed specifically for keeping the OIL SAFE Pocket Frame and the Label Pocket tight & secure.

This Industrial grade, reusable Leash is designed for securing OIL SAFE Pocket Frames to items such as: OIL SAFE color-coded Drum Rings, OIL SAFE ID Tabs and Grease Fitting Protectors.

- Attach Pocket Frames to containers, machinery, pipe and fittings.
- Are for individual use only, i.e. DO NOT join with other leashes to make a longer leash.
- Can be easily removed and reused.

**PART #**  
202002

### SWIVEL POCKET FRAME

Provides detailed identification information at the fill point.

The Swivel Joint enables easy adjustment of the Pocket Frame position for improved visibility or easier access to the fill point.

**PART #**  
205002

### ID WASHER LABEL CLAMP

Enables comprehensive data matching to machinery fill points.

ID Washer Label Clamp fits to OIL SAFE color-coded Fill Point ID Washer for comprehensive identification of equipment fill-points, air breathers, auto-lubers etc. Clamp in a Label Pocket and Label Pocket Frame, if desired.

- Snaps onto locating lug of OIL SAFE ID Washer.
- Accommodates Label Pockets and Frame.
- Enables comprehensive information to be visible and accessible at the actual point of use.

**PART #**

**PART #'S**

206000 – Removable

206001 – Bonded

Utilize Wrap on oil barrel pumps and other cylindrical devices, such as pipes.

**LABEL WRAP**

In addition to grease guns, Label Wraps can also be used on pipes, auto-lubricators, air breathers, spray cans, barrel pumps and other suitably sized cylindrical objects.

One of the greatest challenges in lubricating with grease guns is identifying what grease is inside the gun. The OIL SAFE color-coded grease guns and clear grease guns are an excellent starting point; but when more information is needed the OIL SAFE Label Wrap enables secure attachment of a label and protects the label from damage.

Clear and durable the Label Wrap uses a OIL SAFE Label Pocket (page 36) to place and provide the first layer of protection for the label. In addition to grease guns, Label Wraps can also be used on pipes, auto-lubricators, air breathers, spray cans, barrel pumps and other suitably sized cylindrical objects.

OIL SAFE Label Wrap is available in two styles. The **Removable** version clamps into place but can be easily removed for reasons such as cleaning the gun or changing the label. The **Bonded** version clamps on and is securely held in place by adhesive strips.

Once the grease gun is labeled with a Label Wrap simply match the label on the Grease Gun to the label on the cartridge or pail to make sure the right grease is loaded into the gun, then match the label on the gun to the label on the grease fitting to ensure that the right grease goes in the right equipment.

**Label Wraps:**

- Enable identification of Grease Gun contents.
- Are clear and durable.
- Come in two versions – Removable & Bonded.
- Can be applied to a variety of cylindrical objects.

Houses OIL SAFE Label Pocket & Label

Notes

# Oil Safe®

For nearly two decades, the Oil Safe System has been the oil transfer management system preferred by leading companies around the world.

People often go to great lengths to preserve the quality of their oil only to contaminate it by using filthy containers, pouring it through a dirty funnel, or inadvertently mixing it with different oil.

The Oil Safe system is a fully sealing unit that prevents contaminants from getting into the oil. The pour spouts available make dispensing quick and easy and with 10 different colors help prevent cross contamination.

## Available in 10 Colors

Oil Safe down-stroke pump delivers 1 liter with approximately 12 strokes

Fully interchangeable drums and lids, any style lid works with any size drum

See through drums with graduated markings in both liter and US quarts make it easy to see and measure levels

Bright colors make Oil Safe dispensers easy to find and easy to color code lubricants

Quick twist spout is easy to open and close. Controls flow and keeps dirt out

Push button auto shutoff air intake enables smooth pouring of lubricants

Robust lid design for easier handling

**WARNING:** Not suitable for fuels or solvents.

# Lube Containers

**WARNING:** Not suitable for fuels or solvents.

## Mini Spout Lid

With an outlet diameter of approximately .25" (7mm), this spout is ideal for lubrication jobs where equipment filler holes are small. The narrow spout is perfect for precise filling.

Beige	100400	Mid Green	100405
Black	100401	Orange	100406
Blue	100402	Purple	100407
Dark Green	100403	Red	100408
Gray	100404	Yellow	100409

## Stretch Spout Lid

Designed for use where precision pouring of lubricants is required including hard to reach areas. With a .5" spout opening and longer spout, this lid is ideal for lower viscosity oils (<ISO 220).

Beige	100300	Mid Green	100305
Black	100301	Orange	100306
Blue	100302	Purple	100307
Dark Green	100303	Red	100308
Gray	100304	Yellow	100309

## Stumpy Spout Lid

This wide spout model with a 1" opening is designed for applications where a higher lubricant flow is required. Match with a Stumpy Extension Hose to help with hard to reach fill points.

Beige	100500	Mid Green	100505
Black	100501	Orange	100506
Blue	100502	Purple	100507
Dark Green	100503	Red	100508
Gray	100504	Yellow	100509

Stretch Spout Extension Hose 12" 102020

Stumpy Spout Extension Hose 10" 102021

## Utility Lid

This multi purpose lid with a large 2" outlet hole ensures controlled fast pouring of lubricants. Match this lid to a 3, 5, or 10 liter/quart drum for use with Oil Safe pump.

Beige	100200	Mid Green	100205
Black	100201	Orange	100206
Blue	100202	Purple	100207
Dark Green	100203	Red	100208
Gray	100204	Yellow	100209

Tip: To use the pump it needs to be matched with a Utility Lid

## Standard Pump

Excellent for lubricating hard to reach fill points. This down stroke discharge pump delivers 1 liter for approximately 12 strokes. Match with the Utility Lid and 3, 5, or 10 liter/quart Oil Safe drum.

Standard Pump	102000
<b>Pump Accessories (Standard &amp; Premium)</b>	
5' Replacement Pump Hose	920206
10' Replacement Pump Hose	920207
5' Replacement Hose w/ 1/4" NPT	920208
10' Replacement Hose w/ 1/4" NPT	920209
Pump Reducer Nozzle	102030

Tip: Pump cannot be used with a 1.5 or 2 quart drum

## Premium Pump

This heavy duty discharge pump is fully serviceable, color coded, accessory port, and has an ultra comfortable D handle grip design. Match with the Utility Lid and 3, 5, or 10 liter/quart Oil Safe drum.

Beige	102300	Mid Green	102305
Black	102301	Orange	102306
Blue	102302	Purple	102307
Dark Green	102303	Red	102308
Gray	102304	Yellow	102309

Attach quick disconnects to the accessory port. (not included)

## Premium Pump Accessories

5' Hose 1/4" NPT Kit w/breather	920220
10' Hose 1/4" NPT Kit w/breather	920225
3 micron Baffle Breather	920255
10 micron Trap Breather	920250

Tip: Any Oil Safe lid fits any oil safe drum.

## Drum

Every Oil Safe lid fits any Oil Safe drum. Fully interchangeable with lids and have an extra wide neck opening for rapid pouring and easy cleaning. Has Metric/Quart marks.

1.5 Liter/US Quart	101001
2 Liter/US Quart	101002
3 Liter/US Quart	101003
5 Liter/US Quart	101005
10 Liter/US Quart	101010

## Storage Lid

With this lid, Oil Safe drums can be pre filled for storage or easier transportation. This is a convenient alternative to handling those bulky 5 gallon pails.

Beige	100100	Mid Green	100105
Black	100101	Orange	100106
Blue	100102	Purple	100107
Dark Green	100103	Red	100108
Gray	100104	Yellow	100109

## Starter Kit

Improve your lubrication instantly and get up and running with 5 different drums and lids including a standard pump and spout extensions.
