

Color Coded Quick Connects

↖ Silver terminal is universal and is not keyed

↑ Color-Coded and keyed, male color connector will only fit it's female matching color

↖ 1000psi max

↖ Strong aluminum flat-face connectors

Quick Connects

These unique Quick Connects maintain purity across your lubricant storage and distribution processes. The color-coded, anodized aluminum fittings eliminate cross contamination. They are easy to use, nearly impossible to confuse or cross-connect, and integrate with a wide range of lubrication management systems and equipment.

These zero-leak, precise and secure hose terminals will increase safety and efficiency by eliminating spills and wastes throughout your facility.

Quick Connects come in all 10 OilSafe colors and make it easy to identify your equipment fluid contents. Each color-coded male/female pair is designed to only fit terminals of a matching color. A silver terminal is available as a universal fit for all 10 colors - permitting zero-fuss connections for special use cases.

Size	Beige	Black	Blue	Dark Green	Gray	Mid Green	Orange	Purple	Red	Yellow	Universal (Silver)
